

T500

THICKNESSER

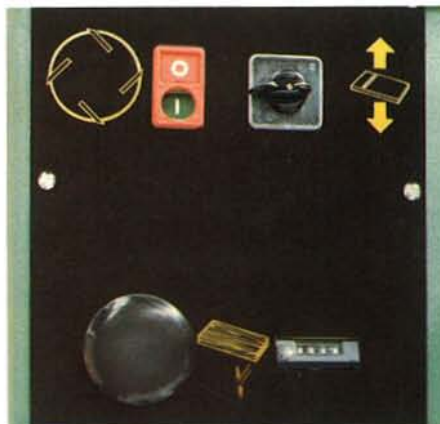

Perfect finish over complete timber length.

- Low cost. Big capacity.
- Infinitely variable feed speeds.
- Power rise and fall*
- Increased feeding power.
- 10mm stock removal in one pass.
- Safe – Fully guarded. No-volt release and overload protection fitted as standard.
- Easily maintained – greased for life bearings.
- Anti-kickback fingers – fitted as standard.

Grouped Controls

For less operator fatigue and ease of operation, controls are grouped conveniently to hand.

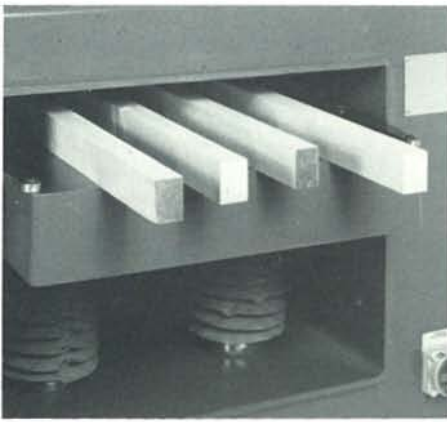

*Power Rise and Fall

Rise and fall switch with fine adjustment. And digital read-out for ease of operation and repeatable accuracy.

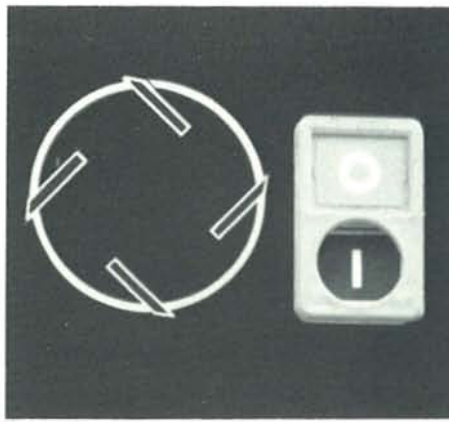

Stock Control With Safety

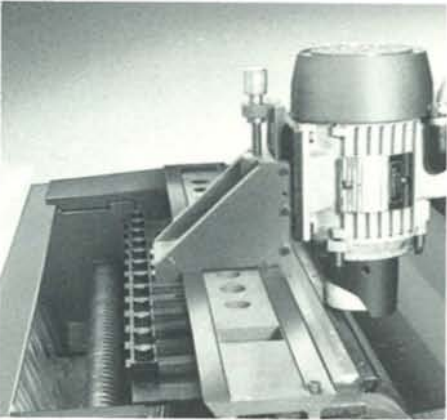

Sectional chipbreaker over the whole width of material. And anti-kickback fingers fitted as standard.

※Sectional Feed Rolls
High productivity with multiple feeding of timber of uneven thickness.

※Automatic Braking
Can be fitted with an automatic brake which is operated by the stop button.

※Built In Grinder
A further aid to productivity. Cutters can be ground without removing them from the machine – saving "down-time". Encourages regular sharpening of knives.

※Optional extra

Specification

Capacity of machine	508 x 250 mm	(20 x 9¾ in)
Feed speed	6-18 m/min	(20-60 ft/min)
H.P. of Cutterblock motor	5.5kW	(7½ hp)
Speed of Cutterblock	4,500 rpm	
Speed of motor 60 Hz	3,000 rpm	
Speed of motor 50 Hz	3,600 rpm	
Dia. of cutting circle	120 mm	(4¾ in)
Dia. of feed rollers	85 mm	(3¼ in)
Minimum stock length	280 mm	(11 in)
Maximum stock removal	10 mm	(¾ in)
H.P. of rise and fall motor ※	0.25 kW	(¼ hp)
Length of table	1000 mm	(39 in)
Floor space	1000 x 1030 mm	(39 x 40 in)
Net weight approx.	580 kg	(1278 lb)
Gross weight approx.	700 kg	(1543 lb)
Shipping dimensions	1.64 m ³	(58 ft ³)
