

Sandingmaster machines for calibrating and finishing surfaces

Available in the following working widths:

- * 900 mm
- * 1100 mm

Available heads:

- * Combination head:
Contact roller Ø 140 mm
Felt pad, width 63 mm
- * Contact roller head
Contact roller Ø 200 mm
- * Knife planer head
Knife planer Ø 150 mm

Available configurations:

900 mm	1100 mm
C	C
WC	WC
WWC	WWC
PC	PC
PWC	PWC

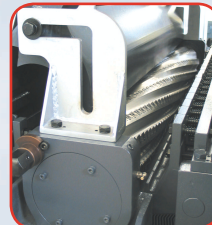

C = Combination head
W = Contact roller head
P = Knife Planer head

Combination head

Contact roller head

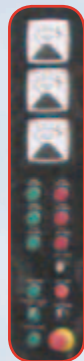

Planer head

Single point thickness setting

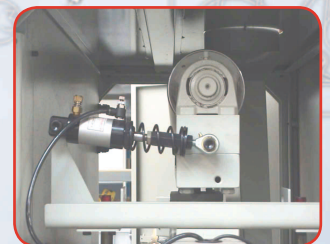

Disc brake

Centralised control panel

Extended front table

Electronic/pneumatic abrasive belt oscillation

Digital table opening read-out

The TIMESAVERS-SANDINGMASTER series 2300 is the industry standard for
Available in one or multiple head execution, these machines are used for sanding
wood surfaces. For more information about the 2300 series

ies 2300, compact machines for finishing and / or sanding and calibrating all different kinds of wood or plastic. MASTER machines in one or multiple head execution.

Including:

- * Centralised control panel
- * Dust extraction funnels
- * Finger protection
- * Digital table opening read out
- * Motorized table opening adjustment

Dust extraction capacity required:

	900 mm	1100 mm
One head	2200 m ³ /h	2700 m ³ /h
Two heads	4400 m ³ /h	5400 m ³ /h
Three heads	6600 m ³ /h	8100 m ³ /h

Standard main motors:

	C	WC	WWC	PC	PWC
900 mm	15 kW	19-15 kW	19-15-11,5 kW	19-15 kW	19-15-11,5 kW
1100 mm	19 kW	19-15 kW	19-15-11,5 kW	19-15 kW	19-15-11,5 kW

Machine weight:

	900 mm	1100 mm
One head	± 1150 kg	± 1400 kg
Two heads	± 2100 kg	± 2500 kg
Three heads	± 3100 kg	± 3600 kg

Technical specification:

- * Feed speed 6-12 m/min
- * 400 V / 50 Hz
- * CE proof

Machine size:

	900			1100		
	C	WC PC	WWC PWC	C	WC PC	WWC PWC
A	1365	1365	1365	1565	1565	1565
B	730	1120	1520	730	1120	1520
C	1131	1948	2348	1131	1948	2348

Industry choice for an affordable, medium-duty machine. Machines are suitable for finishing and / or calibrating wood or other series, don't hesitate to contact us.

2300 serie

History

- 1939** Arie van der Linden starts a repair shop for woodworking machinery in Rotterdam under the name "LIMARO"
- 1946** Production of new woodworking machines
- 1953** Specializing in sanding machines (stroke sander, drum sander)
- 1963** Wide belt contact (contact roller) sander "SANDINGMASTER", specializing in wide belt sanders
- 1970** Wide belt grinding machines for metal "GRINDINGMASTER"
- 1996** Linden Machines becomes (with her division names SANDINGMASTER and GRINDING MASTER) part of the TIMESAVERS group. The name Linden disappears and the company continues as TIMESAVERS INTERNATIONAL B.V. and takes care of all the activities of the TIMESAVERS group in the world with exception of the USA

Size

The TIMESAVERS group is one of the 10 daughter companies of CRL-Industries, Chicago USA, a "Holding" with an activity per year of about 500 millions Euro's

TIMESAVERS and SANDINGMASTER-GRINDINGMASTER have built and sold over the 60 years of their existence about 50.000 machines
