VACUUM PRESSES

VPM-1328-H100

WISCHT
Vacuum Presses

VACUUM MEMBRANE PRESS

VACUUM MEMBRANE PRESS

VPM-1328-H100

- WOODWORKING

- THERMOFORMING
of solid surfaces

- 3D PVC

DIMENSIONS

*Custom sizes available

● Working tables	1400 x 2900 mm
● Useful area	1300 x 2800 mm

TECHNICAL FEATURES

● Bakelite platens 15 mm thickness	grooved for fast air extraction
● Working temperature	up to 120 C
● Temperature control	digital
● Press structure in welded steel profiles and beams	

VACUUM MEMBRANE PRESS

VPM-1 328-H 1 00

**Developed
for
high quality
serial and
industrial
production**

VACUUM SYSTEM

● Final pressure	-997,0/-998,5 mbar
● Inlet capacity	28 m3/h
● Oil lubricated vacuum pump	

MEMBRANE

● Material	natural elastomer (NR) 2.5 mm thickness
● Temperature resistance	120C ,designed for vacuum presses, furniture manufacturing
● Color	brown/gray

VACUUM MEMBRANE PRESS

VPM-1328-H100

HEATING

- Heating trough electric resistance

● Power	12.5 KW
---------	---------

COLOR

● Main color	RAL 9002
--------------	----------

*Technical characteristics reserved to change without notice

SHIPMENT FOR WISCHT VACUUM MEMBRANE PRESS VPM-1328-H100

● Delivery time	5 Weeks
● Shipping	Ex Works, Doboj, Bosnia and Herzegovina
● Warranty	1 Year
