

Spark series

Automatic, single-sided edgebanding machines

Spark series

Automatic, single-sided edgebanding machines

Spark edgebanders offer ideal solutions for serious craftsmen, small and medium scale workshops. The machines are flexible, easy to use and are compact in size.

Spark 4.3

Spark series

User friendly working units

Spark series control panel with glue pot temperature display

Gluing Unit

Thermofusible glue tank with quick heating system and electronic controller for temperature. Edge pressure unit complete with 1 motorised roller and 1 idle roller.

End-Trimming Unit

End-Trimming unit equipped with two high frequency motors with saw blades of 0.37 kW rating. The saw blades can be tilted between 0-15 degrees.

Great reliability and precision due to sliding on large prismatic guides and long sliding blocks.

Top-Bottom Trimming Unit

Top and bottom trimming unit for the fine finishing of glued edges completes the task with the help of rotating copiers, using 2 high frequency motors of 0.5 kW each.

Spark series

Simple and safe working: the result is guaranteed

Edge Scraper Unit

Edge scraper completes the task with vertical and horizontal copiers.

Buffing Unit

Buffing unit with 0.18 kW motors each
