4 rollers automatic glue spreader - Mod. "R/4"

Art. 2051
2 rollers automatic glue spreader - Mod. "R 3/130"

Technical data "R/4"

	1300	1400	1500	1600	1800	2000	2500
Rollers length	1300	1400	1500	1600	1800	2000	2500
Spreading rollers	200	200	250	250	250	250	250
Max. glueing thickness	80	80	80	80	80	80	80
Speedness at 1' mt.	18	18	24	24	24	24	24
Motor power HP	1	1	1.5	1.5	1.5	1.5	2
Approx. weight Kg.	850	900	1050	1100	1200	1400	1900
Rubber thickness on the rollers	12,5	12,5	15	15	15	15	15

Technical data "R 3/100"

Working max. width	1300	mm.
Max through space between rollers	70	mm.
Piece feeding speed	16	mt/1'
Rollers rotations	30	n/1'
Rollers diameter	165	mm.
Motor power	0,75	HP
Overall dimensions	1950 x 700 x 1250 mm.	

Optional:

- Max. working width mm. 900

Technical data "ME 20" "ME 30"

Tank capac. Kg.	20	30
Motor power HP	0,75	0,75
Overall dimens. cm.	40 x 40 x 100	50 x 50 x 105
Net weight Kg.	30	35

GLUE MIXER - Mod. "ME 20/ME 30"

It is the indispensable fitting for the glue preparation, since for its use and maintenance simplicity enable to reduce considerably the working time and also to obtain a perfect amalgamation for the glue itself.
