ARIETE 1

ARIETE 2

ARIETE 1

Hydraulic automatic lathe for small wooden parts production with manual bar feed and mechanical positioner.

Automatic working of tool-holder carriages: roughing, finishing, drilling and/or milling tailstock and cut.

Automatic steady-rest greasing.

TECHNICAL DATA

Max. wooden bars length	1000 mm.
Max. turning length with boring	120 mm.
Max. turning length without boring	150 mm.
Max. turning diameter	90 mm.
Spindle rotation speeds	970-1360-1960 2000-2540-2750 4010-5140
Mandrel motor	HP. 5/6 - 2/4 poles
Net / Gross weight	1010 / 1380 Kg.
Sea packing	cm. 250x110x165 (h)

ARIETE 2

Hydraulic semi-automatic lathe for small wooden parts production. Manual bar feed and mechanical positioner.

Automatic working of tool-holder carriages: roughing, finishing, drilling and/or milling tailstock and cut.

Automatic steady-rest greasing.
Working with programmed logic control with working cycles selection.

TECHNICAL DATA

Max. wooden bars length	1000 mm.
Max. turning length with boring	120 mm.
Max. turning length without boring	150 mm.
Max. turning diameter	90 mm.
Spindle rotation speeds	970-1360-1960 2000-2540-2750 4010-5140
Mandrel motor	HP. 5/6 - 2/4 poles
Net / Gross weight	1190 / 1440 Kg.
Sea packing	cm. 320x140x170 (h)

ARIETE 3

Hydraulic automatic lathe for small wooden parts production with automatic bar feeder and automatic ejection of wooden shorts.

Automatic wooden bars butt to a pre-established dimension.

Automatic working of tool-holder carriages: roughing, finishing, drilling and/or milling tailstock and cut.

Automatic steady-rest greasing.
Working with programmed logic control with working cycles selection.

TECHNICAL DATA

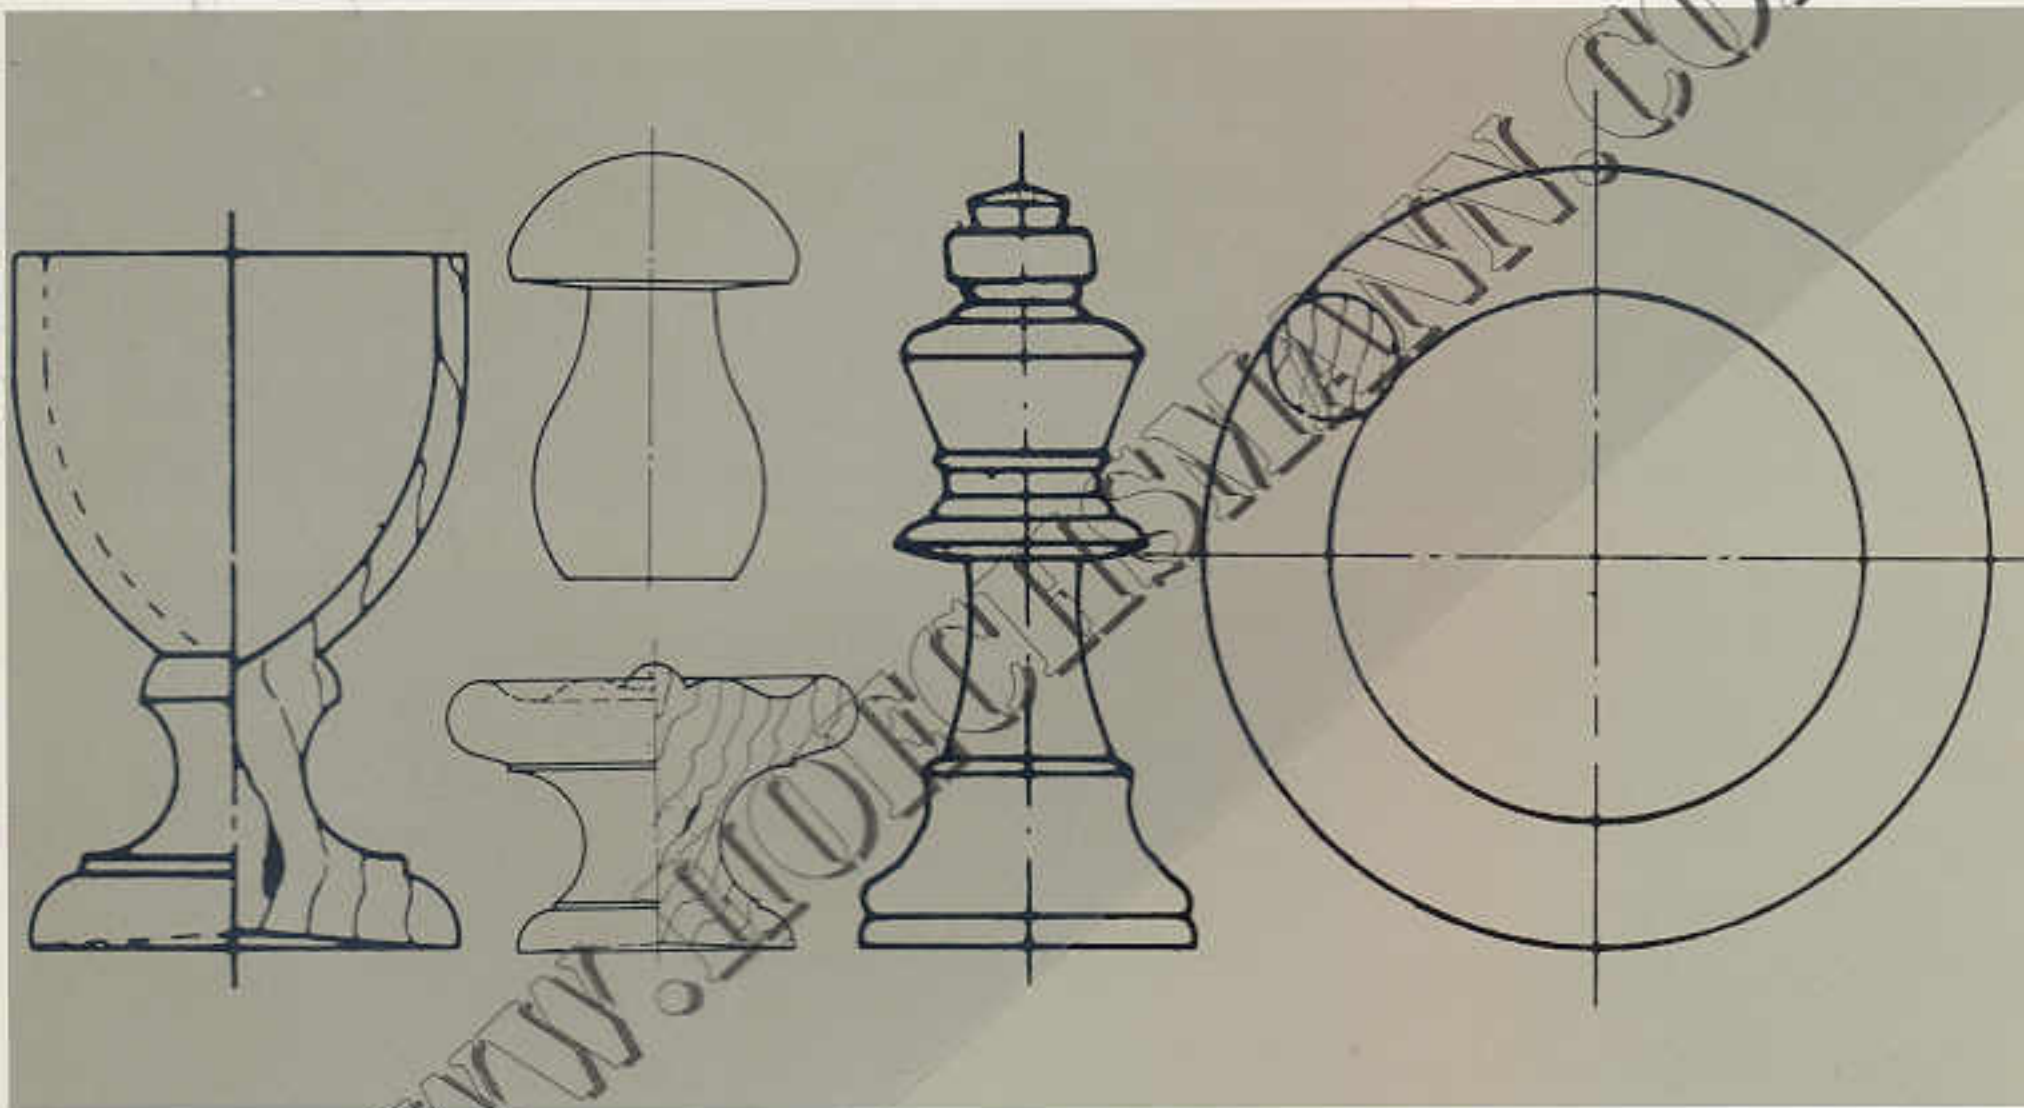

Max. wooden bars length	1000 mm.
Max. turning length with boring	120 mm.
Max. turning length without boring	150 mm.
Max. turning diameter	90 mm.
Spindle rotation speeds	970-1360-1960 2000-2540-2750 4010-5140
Mandrel motor	HP. 5/6 - 2/4 poles
Net / Gross weight	1400 / 1650 Kg.
Sea packing	cm. 320x140x185 (h)
