

Edging System 345

- Compact automatic edge bander *ES 345*, equipped with professional units.
- Head and end cutting saws work with two individual high frequency motors allowing the machine to reach the speed of 12m/min. Also, grade gage saws cut the tape with zero tolerance.
- Top and bottom high frequency milling motors allow you to have better results, reaching top quality standards.
- Perfectly suitable for small and medium furniture manufacturers thanks to easy setting and safety devices.
- Machine manufactured according to EC standards.

Technical Details

Board thickness:	10 - 50 mm
Min. board width:	120 mm
Min. board length:	160 mm
Edge banding thickness min/max:	0,4 - 3 mm
Speed:	12 m/min
Glue tank capacity:	1,5 Kg
End cutting:	2 x 0,37 kW 12000 rpm
Top-bottom milling:	2 x 0,37 kW 12000 rpm
Electrical level:	400V - 50Hz - 3Ph
Electrical power:	9,3 kW
Total air pressure:	6 bar
Machine length:	3300 mm
Machine height:	1500 mm
Machine width:	940 mm
Machine weight:	900 kg
