
Delta 400mm Double Mitre Saw

Standard Features

- Vertical & horizontal pneumatic clamping
- Hydro pneumatic movement of heads
- Compound cutting on both heads
- Two handed safety control
- Short cut stop
- Auto motor start
- Head isolation

Optional Equipment

- Digital readout
- Transom stop assembly
- Mist Spray

Technical Information

- Air supply 7 bar
- 3 phase, 2hp 415v/50hz motors
- Weight 500kg
- Width 4200mm, depth 1250mm, height 1500mm
- TCT blades 400mm, diameter 30mm bore
- Heads rotate 45° - 90° - 45°
- Heads tilt 45° - 90°
- Min cut @ 90° - 90° = 500mm
- Min cut @ 45° - 45° = 500mm
- Min cut with short cut stop = 320mm
- Max cut @ 90° = 90mm vertical, 140mm horizontal
- Max cut @ 45° = 115mm vertical, 100mm horizontal
