Wide range of accessories

- **Pneumatic protection shield:**
Easy and quick access to the cutting area thanks to a lowerable shield to prevent manual intervention combined with a reduced space requirement
- **Positioning laser:**
Quick positioning of the workpieces by means of a laser beam
- **Carriage:** With the help of the carriage (option), the system can be positioned in depth to adjust the saw to the according timber width
- **Positioning system:**
Easy, quick and precise alignment and/or positioning of workpieces thanks to the automatic positioning system EasyStop
