

**THE EASY WAY**

# LIGMATECH Robot Systems

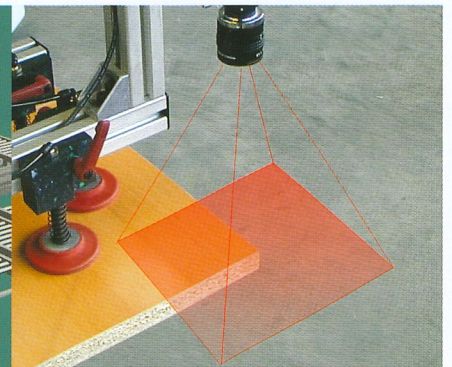

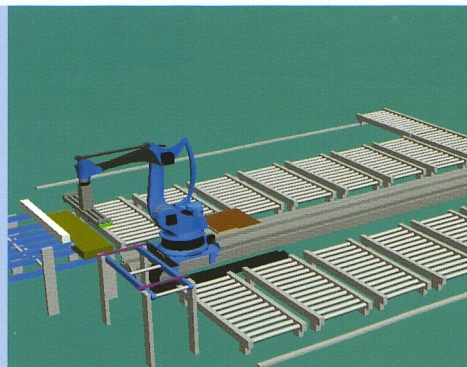

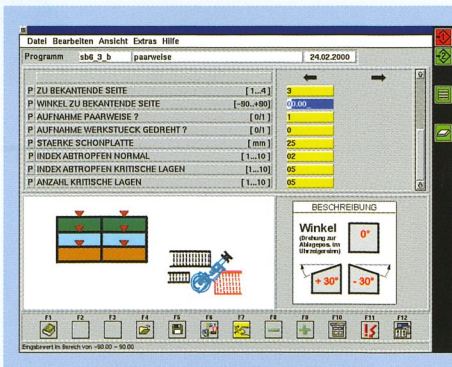

**Ligmatech – your competent partner for better value robot systems**

- Excellent quality
- Most advanced technology
- Highest reliability

- Simple to operate and handle because of
  - advanced control technology
  - unique range of services
  - intelligent measuring

**Do it the easy way – with Ligmatech**

## Controls

- **Fit for the future** – modular flexible user software
- **Easy to use** – “programming” with the entry forms is mere child’s play
- **Straightforward** – a single interface allows manual input and integration into production line control

## Service

- **Safe and fast** – simulation speeds up your implementation
- **Ongoing** – a permanent teleservice monitors the operating line (via the telephone)
- **Convenient** – visualized diagnostic functions

## Optical Measuring

- **Precise** – work piece uptake from “chaotic” stacks
- **Innovative** – the “flying eye” measures during movement
- **Good value** – stationary laser measuring

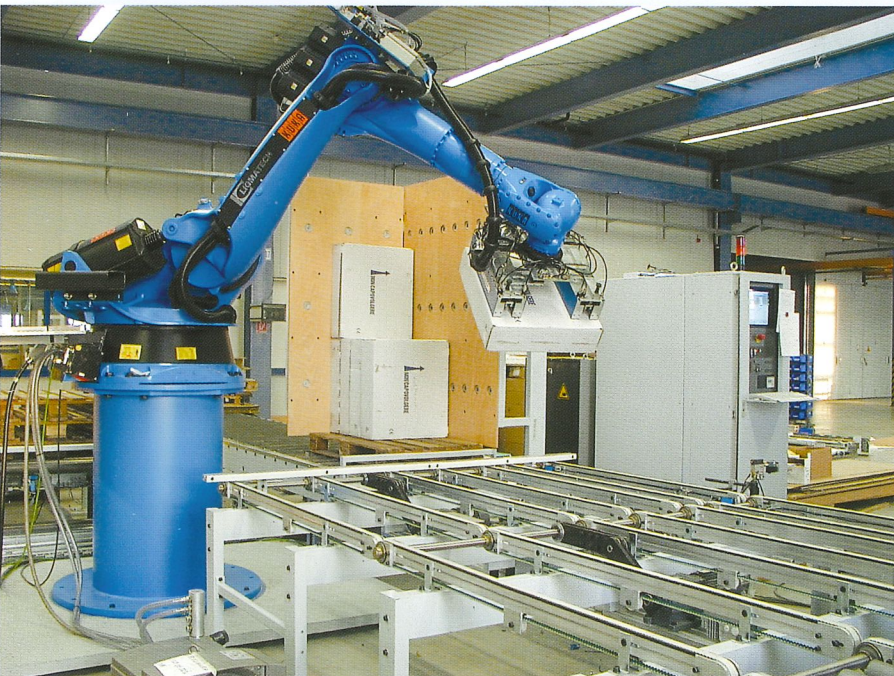

**... simply more RELIABLE**

# simply **FASTER...**

- ▶ palletizing
- ▶ stacking
- ▶ packing
- ▶ carcass mounting

- ▶ transfer
- ▶ inserting work pieces
- ▶ handling
- ▶ commissioning
