Anubatrice multitesta

Anubatrice monotesta

**MARZANI
PROGETTI**

Anubatrice multitesta

Anubatrice multitesta a C.N., con spostamento longitudinale indipendente per ogni singola testa.

Interasse massimo di lavoro	3000 mm
Altezza massima di lavoro	200 mm
Inclinazione teste	-5° + 90°
Peso netto	3000 Kg

Numeric-control multihead drilling with independent longitudinal shifting for each single head.

Working maximum interaxes	3000 mm
Working maximum height	200 mm
Head inclination	-5° + 90°
Net weight	3000 Kg

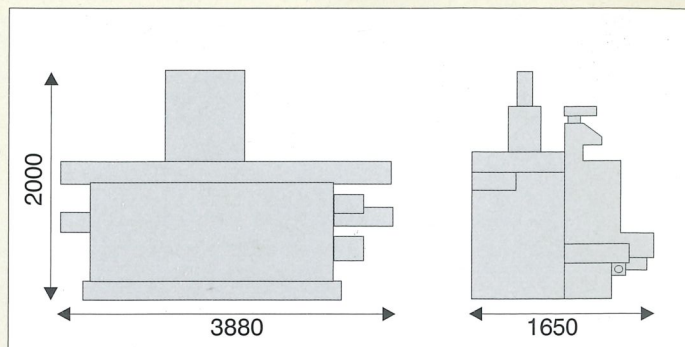

Ficheuse multitête à commande numérique avec déplacement longitudinal indépendant pour chaque tête.

Entraxe maximum de travail	3000 mm
Hauteur maximum de travail	200 mm
Inclination tête	-5° + 90°
Poids net	3000 Kg

Colocadora de pernos roscados multicabeza a control numérico con desplazamiento longitudinal independiente para cada cabeza.

Distancia entre ejes máxima de trabajo	3000 mm
Altura máxima de trabajo	200 mm
Inclinación cabezas	-5° + 90°
Peso neto	3000 Kg

Anubatrice monotesta

Anubatrice monotesta a C.N.

Corsa longitudinale utile	2580 mm
Altezza massima di lavoro	110 mm
Inclinazione testa	-7° + 90°
Peso netto	1260 Kg

Numeric-control single head drilling machine.

Useful longitudinal stroke	2580 mm
Working maximum height	110 mm
Head inclination	-7° + 90°
Net weight	1260 Kg

Ficheuse monotête à commande numérique.

Course longitudinal utile	2580 mm
Hauteur maximum de travail	110 mm
Inclination tête	-7° + 90°
Poids net	1260 Kg

Colocadora de pernos roscados monocabeza a control numérico.

Carrera longitudinal util	2580 mm
Altura máxima de trabajo	110 mm
Inclinación cabeza	-7° + 90°
Peso neto	1260 Kg
