

BANDSAWS

The C500 & C700 from Wadkin - manufacturers of the definitive range of classical woodworking machinery

C700

C500

C700

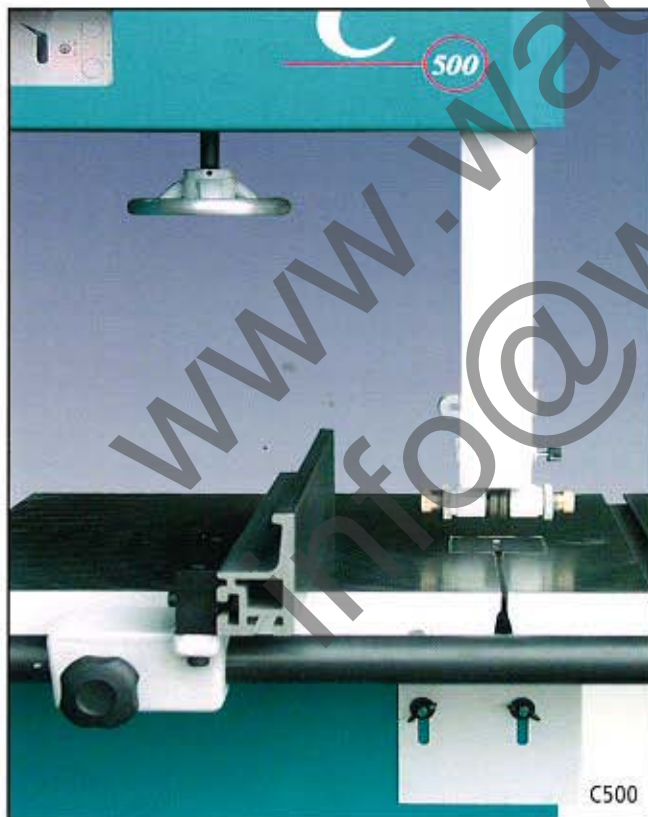

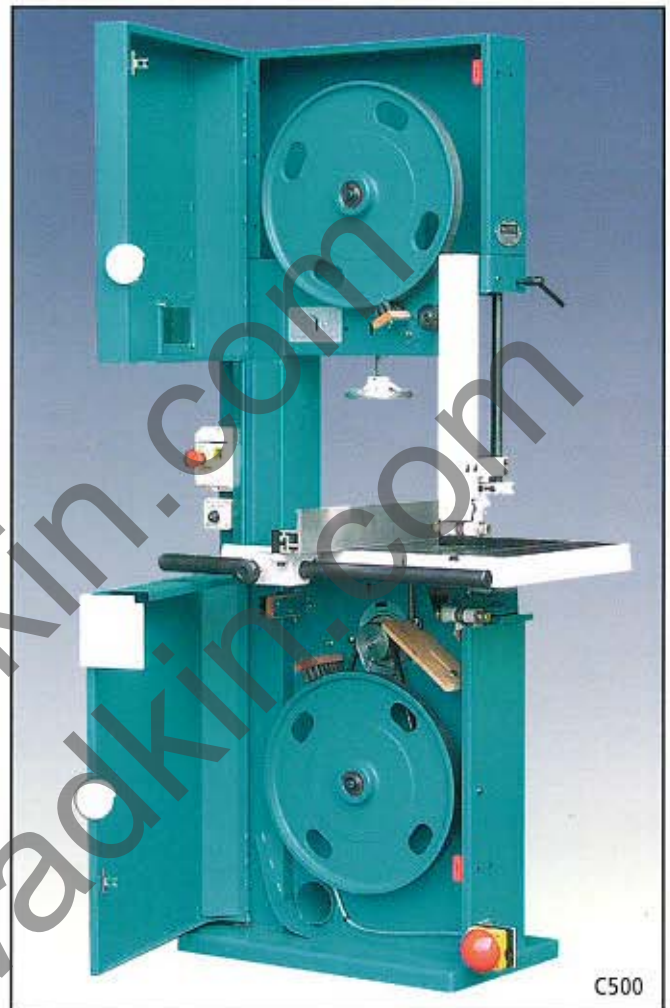

C500 & C700

The Wadkin "C" range bandsaws are reliable machines designed to meet a variety of operating requirements in today's woodworking and plastics industry. The main frame is a welded steel fabrication for stability with a precision ground

large cast iron table for improved support of sheet material. Solid disc wheels, available in both 500mm and 700mm diameter, have sealed for life bearings to minimise maintenance and a telescopic blade guard, interlocked access doors and heavy duty braked motors improve safety.

Precision top and bottom bearing guides give accurate blade control and a saw tension indicator reduces the risk of blade breakages.

C 5 0 0 & C 7 0 0		
	C500	C700
Wheel diameter	500 mm	700 mm
Maximum depth under guide	410 mm	485 mm
Maximum throat capacity	480 mm	680 mm
Maximum width of blade	25 mm	40 mm
Maximum length of blade	4165 mm	5080 mm
Min length of blade	4090 mm	4953 mm
Saw blade speed	1508 m/min	1508 m/min
Power of braked motor	2.2 Kw (3 hp)	4 Kw (5.5 hp)
Table size	500 x 700 mm	765 x 1000 mm
Table height	950 mm	900 mm
Dust outlet diameter	1 x 100 mm	1 x 100 mm
Extraction requirements	435 cfm	435 cfm
Machine length	890 mm	1340 mm
Machine width	550 mm	770 mm
Machine height	2060 mm	2300 mm
Nett weight	220 kgs	485 kgs

It should be noted that foot stops and key switches illustrated are optional extras.
